

New roBrowser script is about "10mo because of items and skill DB included inside
Setting the compression in apache will be reduce it to 1mo when downloaded by users

```
<ifModule mod_gzip.c>  
  mod_gzip_on Yes  
  mod_gzip_dechunk Yes  
  mod_gzip_item_include file \.(txt|xml|html|js|css)$  
</ifModule>
```

```
<IfModule mod_deflate.c>  
  AddOutputFilterByType DEFLATE text/plain text/html text/css application/xml  
  application/javascript  
</Ifmodule>
```
