

```
# .htaccess for freeman.blue top-level directory
# MJF Nov-2015

#  Rewrites don't work as I expect; probably due to vhost-settings or summat.
# RewriteEngine on
# RewriteRule "^thesis" "thesis.html" [NC]

#  Redirects work fine, however, presumably because the target is a full URL.
Redirect 302 "/thesis"      "http://freeman.blue/papers/finding-research-value-thesis-
MJF.html"
Redirect 302 "/gamify"     "http://freeman.blue/papers/gamification-lit-review-MJF.html"
Redirect 302 "/email-alts" "http://freeman.blue/papers/alternatives-to-email-MJF.html"
Redirect 302 "/sideways"   "http://freeman.blue/pages/sideways-stats.html"
```
